A Chuckle a Day Keeps the Doctor Away

True or False

Copy the pages and laminate them for durability, if you wish. Cut out the True and False Cards and place them face up on the table. Students take turns selecting a card, reading it aloud, and stating whether it is true or false based on the story. Correct answers receive one point. The player with the most points wins. The cards are self-checking.

True or False:
This story tells of a new club in India where members laugh for 30 minutes each week.

True or False:
There are over one thousand Laughter Clubs in India.

True or False:
Laughter really is the best medicine at times.

True or False:
