Mistaken Identity

Tic-Tac-Toe

- 1) This story takes place in _____.
- 2) Whom did Sasha go shopping with?
- 3) What did Sasha see in the store?
- 4) What did the redheaded girl steal from the store?
- 5) The store manager accused Sasha of stealing because _____.
- 6) The two girls started to walk out of the store because _____.
- 7) The phrase "**mistaken identity**" means _____.
- 8) **True** or **False**: Sasha sounded guilty.
- 9) You can predict that the store manager will _____.

- a department store
- Her mother
- Girls shoplifting
- A bracelet and two pairs of earrings
- she was acting suspicious
- they overheard the store manager speaking to Sasha
- to mistake one person for another
- True
- believe Sasha and let her go

Copy the pages and laminate them for durability, if you wish. Cut out the pictures and use them instead of X's and O's. The first player selects a square on the Tic-Tac-Toe board and tries to answer the question. (Students may check their answers on the answer sheet.) If the player is correct, he or she covers that square with a picture. If the player is incorrect, he or she doesn't cover the square and the next player takes a turn. The first player to cover three squares in a row or diagonally wins the game.
